Town/City of Project	Project Name	Description	Program	FY	Amount
Laconia	Lakes Region Child Care Services, Inc.	Install additional infant toilets at the child care center. The NH Child Care Licensing Bureau recommends that there be 1 toilet per 10 children. The facility presently only has 1 toilet per 16 children. The lack of additional toilets is preventing the increase of their licensed capacity. They currently have a large waiting list of children wishing to attend their center.	Community Facility Child Care Setaside	2011	\$4,375
Tilton	Tilton, Town of	Continue the renovation of the former grange building into a senior center. The center will provide meals, social and educational programs and access to assistance programs. There is no facility in Tilton that can provide these life saving programs.	Community Facility Regular Grant	2011	\$3,000
Tilton	Tilton-Northfield Fire & EMS	Install a radio master box which will connect their fire alarm system located at 149 Park Street Station to the Fire Station at 12 Center Street, Tilton, NH. This radio Master Box will connect their alarm systems directly to the fire communications center, Lakes Region Mutual Fire Aid. To assist in faster time for emergency response.	Community Facility Economic Impact Grant	2011	\$5,600

Town/City of Project	Project Name	Description	Program	FY	Amount
Bartlett	Bartlett, Town of	Purchase a new thermal imaging unit to replace the 12 year old unit in use by the Bartlett Fire Department. There are many newer features on the newer model that will assist the department and be more reliable. This new unit will allow a more thorough search in buildings for both the fire and police departments helping them to make quicker decisions and save more lives.	Community Facility Regular Grant	2011	\$7,100
Effingham	Effingham, Town of	Purchase new quality shelving for the Town's Library. Adding the new shelving changes the configuration of the displays so that patrons can be seen from the main desk, allows the collections to be in one room and allows there to be meeting space away from the books.	Community Facility Regular Grant	2011	\$7,000
Tamworth	Tamworth Pre-School	Solve the current facility's energy use issues such as primary air sealing, insulation and duct work. The Tamworth PreSchool Inc is a non-profit child care and early education center serving children ages 23 months to 13 years. Services also include an after-school program. It is the only year round facility in Tamworth to provide critical child care coverage to working families.	Community Facility Child Care Setaside	2011	\$10,500
North Conway	NH Institute of Agriculture and Forest	Technical assistance by offering Business Planning, marketing, industry training, as all relate to running a small farm in the western corridor of Coos County and marketing on the NHIAF website.	Rural Business Enterprise Grant	2011	\$63,300
Wolfeboro	Wentworth Economic Development Corp	Recapitalization of a revolving loan program.	Intermediary Relending Program	2011	\$163,000

Town/City of Project	Project Name	Description	Program	FY	Amount
Colebrook	Tillotson Center	Purchase theatre seating and kitchen equipment for their current facility. The Tillotson Center is a non-profit multi-use cultural center. They have been renovating a building for a number of years and it is ready for use in the community. In collaboration with other community groups, this facility will provide a place for heritage, cultural, social, performing and visual arts activities.	Community Facility Regular Grant	2011	\$20,000
Coos	Northern Forest Canoe Trail	Technical assistance to work with small businesses in Coos County to promote tourism visitation along the Northern Forest Canoe Trail.	Rural Business Enterprise Grant	2011	\$30,000
Gorham	North Country Education Services Agency, Inc.	Grant purchases and places videoconferencing equipment in each school; enables online instruction. Disabled children living in Crooked Mountain, a specialty hospital, will have access. The service area of this project is Northern New Hampshire and one site in Northern Maine. Project allows instruction across schools and districts, offers more instructional variety, reaches out to culturally and geographically isolated areas, enables access to special student services and offer enhanced opportunities for professional development.	Distance Learning and Telemedicine Grant	2011	\$497,531
Lancaster	Northern Community Investment Corporation	Continuation of the 2007 Northern NH Branding project. This project established the NH Grand brand. Destination Development stressed the importance of a good website. Significant upgrades should be done every two years. RD funds will be used to provide technical assistance to the NH Grand website to keep it cutting-edge and current.	Rural Business Enterprise Grant	2011	\$44,100
Pittsburg	Pittsburg, Town of	Install a new well, water lines and water storage tank. The existing wells barely have enough water to serve its 86 connections and since 1979 has had bacterial contamination. An administrative order was issued in 1989 by US EPA due to this contamination.	Water and Environmental Loan	2011	\$500,000
Pittsburg	Pittsburg, Town of	See above	Water and Environmental Grant	2011	\$1,000,000

Stratford	Stratford, Town of	Purchase a used pumper fire truck to replace the 1975 one in current use. The used pumper will be more suited to meet the department's needs with less breakdowns and lower maintenance costs. It is one of a few towns that meet the 75% grant eligibility criteria. In addition, they also cover two small towns in Vermont that also meet the 75% grant eligibility.	Community Facility Regular Grant	2011	\$74,500
Stewartstown	Stewartstown, Town	Replace the Canaan Vermont wastewater treatment facility. This facility treats Stewartstown's wastewater. The facility was built in 1973 and has exceeded its designed life of 30 years. Due to its age the facility it is no longer reliable and has resulted in violations to its discharge permit. The E-coli violations constitute as a public health hazard.	Water and Environmental Loan	2011	\$1,002,000
Stewartstown	Stewartstown, Town	See above	Water and Environmental Grant	2011	\$428,000
Whitefield	Whitefield, Town of	Assist the Town of Whitefield in conducting a Preliminary Engineering Study of the water system following USDA-ERD technical standards. The study will include assessment of all aspects of the system, including sources, water treatment, controls, storage, and distribution piping. The study will identify a proposed package of improvements, and develop an opinion of probable construction cost for implementing these improvements.	Predevelopment Planning Grant	2011	\$18,750

Town/City of Project	Project Name	Description	Program	FY	Amount
Concord	So NH Resource Conservation & Dev	Provide technical assistance to NH apple orchards in establishing a marketing cooperative that will allow them to aggregate their apples for sale into institutional (schools, hospitals, etc.) and wholesale markets.	Rural Business Enterprise Grant	2011	\$45,000
Concord	Northern Forest Center Inc	Provide support over two years to the Northern Forest areas of Coos County NH and Oxford County ME; an initiative of the Northern Forest Center to maximize the economic impact and job creation potential of sustainable natural resource-based development across the rural, four state Northern Forest. The requested funds will be used for specific activities in Coos County NH and Oxford County Maine.	Rural Business Opportunity Grant	2011	\$20,000
Concord	Capital Regional Development	Recapitalizatoin of a revolving loan program.	Intermediary Relending Program	2011	\$750,000
Epsom	Northeast Resource Recovery Association	Research options for rural New Hampshire towns to reduce household hazardous waste (HHW) collection and management costs and,using best researched options, implement state-wide, regionalized, collaborative HHW collections to reduce costs increase percentages collected, and decrease exposure and other risks.	Solid Waste Management Grant	2011	\$101,300
Franklin	Quality Castings & Aluminum Products	Quality Castings & Aluminum Products, LLC is a nonferrous foundry specializing in high quality sand casting of predominately aluminum and aluminum bronze. Rural Development funds will be used to replace their two existing propane gas fired furnaces used for melting aluminum and aluminum bronze with a new efficient electric induction furnace. As a result of the project the grantee will experience an 83% reduction in energy costs, saving annually 1,272,545,913 BTU's or \$42,286.	Rural Energy for America Program Grant	2011	\$36,987
Loudon	Moore, Larry	Purchase and installation of a MemPro 2000H-ss Reverse Osmosis unit to operate in series with an existing reverse osmosis unit. This new equipment will result in annual energy savings of 535,761,690 BTU's and annual energy cost savings of \$6,020.	Rural Energy for America Program Grant	2011	\$5,862

Merrimack	Strong Foundation Elementary School	Construct an 8,640 square foot, 2 story addition to the existing charter-elementary school. The addition will enable the school to expand from kindergarten through 6 th grade to kindergarten through 8 th grade. The school provides an alternative educational source that is well received by the community. The school has a waiting list of over 100 students and contracts out special educational services to many of the area schools.	Community Facility Guaranteed Loan	2011	\$1,530,000.00
Merrimack	Tiny Twisters Child Care Center	Purchase furniture and equipment for the child care center. The center provides day care to children of students of Franklin High School as its 1 st priority. The day care was created in response to the school's 16% dropout rate in 2001. This rate dropped to 4% in 2007, one year after the center's creation. The center also provides care for special needs students and a learning experience for high school students.	Community Facility Child Care Setaside	2011	\$27,500
New London	TJM Enterprises Inc	Purchase and install a ground mounted Photovoltaic solar collection system. The project consists of a 41.4 kW ground-mounted array which will utilize commercially available technology including 180 Canadian Solar 230W PV modules, 180 Enphase M125 microconverters, Schletter racking, and Krinner earth screws for the foundation. Energy replaced will be 54,681 kWh resulting in \$8,614 annual savings.	Rural Energy for America Program Grant	2011	\$26,478
Pittsfield	American Energy Independence Company, LLC	Biofuel Producer Payment	Biomass Producer Payment	2011	\$74,477
Warner	Mainstreet Properties of Warner, LLC	Purchase and installation of a 11.52kw DC Solar Photovoltaic (PV) system to be installed upon 4 top of pole mounts on the property of MainStreet Properties of Warner LLC. As a green, environmentally friendly, technology this project will allow MainStreet Properties of Warner LLC to replace annually 14,261 Kwh of electricity purchased from Public Service of New Hampshire with energy to be harvested from solar. Sixty-five (65) percent of the current energy used by MainStreet Properties of Warner will be replaced with the new PV system resulting in annual savings of \$2282.00. Exeter	Rockingham Eco Dev Corp	Purchase equipment for the new Regional Business Development and Training Center to be built in Raymond, New Hampshire. Equipment to be purchased includes computers, software, video conference equipment, furniture, business library materials, and classroom supplies.	Rural Business Enterprise Grant	2011	\$50,000
Newington	Wilcox Industries Corporation	Funds will be used to ramp up operations to meet a recent contract awarded by the US Army. Wilcox Industries is a key supplier of high-tech tactical equipment used by Special Operations within the United States, overseas and U.S. Allies. This project will help preserve 99 high paying jobs which represents a 6.5% increase over 2 years.	B&I Guaranteed Loan	2011	\$2,000,000
Northwood	Tower View Cooperative	Rehabilitate an existing well and provide treatment, arsenic removal, a new pump house, and distribution lines to serve a manufactured home park.	Water and Environmental Program Loan	2011	\$172,000
Northwood	Tower View Cooperative	See above.	Water and Environmental Program Grant	2011	\$139,500
Raymond	Lamprey River Cooperative, Inc.	Install a new septic tank and leach fields. The 18 unit manufactured home park currently has individual systems for each unit. Many of these have failed causing sewage to rise to the surface. The effect of this health hazard has been magnified as portions of the park, including their wellhead, lie in a floodplain.	Water and Environmental Program Loan	2011	\$149,000
Raymond	Lamprey River Cooperative, Inc.	See above.	Water and Environmental Program Grant	2011	\$122,000
Raymond	Scenic Nursery & Landscaping Inc.	Purchase and installation of a Solar Photovoltaic System which will reduce energy purchased from the grid for this nursery and landscaping business located in rural Raymond, NH. Annual energy cost savings are estimated to be \$2,616 per year or 14,296 kWh which equals 100% of electricity used the preceding 12 months. As a result this project will significantly reduce the applicants reliance on fossil fuel based electricity and help to retain 8 jobs.	Rural Energy for America Grant	2011	\$16,500
Seabrook	Smartfuel America LLC	Biofuel Producer Payment	Biomass Producer Payment	2011	\$88,951

Windham	Pugliese Contracting Corporation	Purchase and installation of a 30kw Solar Photovoltaic System and a Geothermal Heating/Cooling System in the new 8,000sf operations center at 4 Ledge Road, Windham, NH. The solar system will reduce energy purchased from the grid by 63% and the geothermal system will provide 100% of the heating & cooling needs for this commercial construction business located in rural Windham, NH. Annual energy cost savings are estimated to be \$6,623 per year from Solar and \$9,302 from Geothermal for combined annual savings of \$15,925 which represents a yearly reduction of 408,859,768 Btu of energy derived from fossil fuels. As a result this project will significantly reduce operating costs, thereby helping to retain 13 jobs.	Rural Energy for America - Guaranteed Loan	2011	\$99,500
